

**Simplicity**  
AUSTRALIA

# LIMITED EDITION - Platinum Class -

**Walkway** – New pivoting centre walkway assembly makes it easy to cleanout bin tops.

**Outlet Tubes** – Plated steel pipes running from the Metering unit to camlock breakaway assembly for higher wear resistance.

**Blower Outlet** – New blower outlet, providing a higher efficiency and more even output.

**Decals** – One off, Limited Edition decals highlight this exclusive machine

**Handrail System** - easier access for load/unload augers. Fully encompassed handrails with kickboard rails covering all Health and Safety legislation.

**Controller** – All Platinum Class air seeders are standard with a Zynx X15 or Canlink 3500 Controller. This system runs the Linear Actuator Control system for full on the go variable rate control. This system gives you all the benefits of a positive ground drive machine with the added security of fail safe system.

**Seeding Kit Cash Back** – all Platinum Seeders go with a factory backed Cash Back offer to help you get the best system for your planter. (See your local Simplicity Australia Dealer to confirm Cash Back offer details)
